MD. ERSHADUL MIAH

Full Stack Web Developer | Data Analyst | Creative Designer

PROFESSIONAL SUMMARY

Results-driven Full Stack Web Developer, Data Analyst, and Creative Designer with over 9 years of combined professional experience in software development, remote collaboration, banking operations, business management, and data analytics. Experienced in developing responsive web applications, AI-powered solutions, dashboards, REST APIs, database-driven systems, and modern user interfaces. Passionate about solving business problems using technology and delivering scalable, secure, and high-performance applications.

PROFESSIONAL EXPERIENCE

Remote Web Developer & Data Analyst

Sep 2022 – Sep 2024

Modexa Hub

- Developed responsive websites and full-stack frontend & backend web applications.
- Performed business data analysis and created interactive, data-driven dashboards.
- Collaborated efficiently across time zones with international remote teams.

Manager – Door Banking Operations

Nov 2016 – Jan 2018

Agrani Bank PLC

- Managed door banking operations and supervised field deployment teams.
- Prepared operational data reports and ensured high-standard customer service quality.

Area Manager

Feb 2015 – Apr 2016

Nippon Electronics Ltd.

- Managed sales operations, led regional field teams, and built strong dealer relationships.
- Consistently met and exceeded key area sales targets through strategic planning.

FEATURED PROJECTS

MediBook – AI Healthcare Booking Platform

Tech Stack: PHP, MySQL, Bootstrap, JavaScript

- Integrated AI Symptom Checker, Doctor & Patient Portals, Appointment Booking, and Admin Dashboard.
- Implemented secure system architecture with Role-Based Authentication and CSRF Protection.

Searchable Directory Platform

- Built a searchable directory web application with dynamic category management and responsive UI.

Personal Portfolio Website

- Engineered a modern, responsive, and SEO-optimized web portfolio highlighting technical projects.
